625ES-1 Energy Smart Table Top Wrapper

SPECIFIER STATEMENT

625ES-1 is a simple and convenient table top wrapper. This light weight wrapper can easily be moved to where it is needed, when it is needed. The new Energy Smart Wrapper is proven to significantly reduce energy costs by up to 80%. The seal plate only consumes energy when you need to seal a package. This unit is actuated when you place a product on the seal plate. The photo eye sees the product and actuates the seal cycle.

MODEL

625ES-1 Energy smart table top wrapper
