

FT1000e Flight Type Dish Machine

Wash smarter, with peak performance and the lowest total cost of ownership

FT1000e LOW ENERGY FLIGHT TYPE

Realize Peak Performance and the Lowest Total Cost of Ownership for Food Service Operations

Designed for high volume operations, the New Hobart FT1000e Flight Type Dishwasher considerably reduces energy use and amp load requirements. This results in the lowest Total Cost of Ownership in the industry, saving operators thousands of dollars in energy costs annually for greater lifetime value.

HOBART MAKES IT EASY

-  Responsive Service Team in all 50 States
-  Customized Service Programs
-  Free Factory Startup
-  18 Month & Extended Warranty

Insulated Cabinet-Style Doors
provide easy access for cleaning wash arms, conveyor, and drains.

Capless Wash Arms with Anti-Clogging Nozzles
ensure optimal, consistent performance.

Recirculating Pre-wash Section
removes food soil missed in prescrapping before entering the wash tank, keeps wash water cleaner longer.

Auto Clean & Auto Delime
automate common cleaning tasks, saving up to 30 minutes per day so staff can focus on other tasks.

Lowest Amp Load
reduces wiring and circuit breaker costs, simplifies replacing older dish machines.

Digital Controls with Troubleshooting & Diagnostics
are easy to use, easy to monitor, and help prevent downtime while maximizing uptime.

30" Wide Variable-Speed Conveyor
adjusts from 4 FPM up to 8.5 FPM to accommodate various soil levels and ware types.

ASR

HOBART PERFORMANCE BENEFITS

-  Cleaning Performance
-  Utilities
-  Chemical Optimization
-  Soil Management
-  Labor Management
-  Life Cycle Management

LOWEST POWER CONSUMPTION

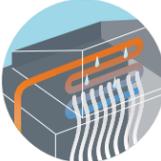

Hobart's design advancements lower energy costs up to \$6,700 with the lowest amp load.

<p>REDUCE INSTALLATION COSTS</p> <p>\$3,000</p> <p>LOWEST AMP LOAD</p>	<p>15%+</p> <p>REDUCTION IN POWER CONSUMPTION</p>
<p>\$6,700*</p> <p>COST SAVINGS</p> <p>VERSUS COMPETITIVE MODELS</p>	<p>CALL FOR A</p> <p>FREE</p> <p>TCO AUDIT</p>

*Projected annual energy cost savings from FT1000e Advansys vs. competitive machines running 10 hrs./day, 365 days.

SAVE YOUR OPERATION TIME & MONEY

 <p>CUT ENERGY CONSUMPTION UP TO 20%</p> <p>Energy Recovery System reduces energy use by capturing escaping heat and steam from the exhaust air.</p>	 <p>REDUCE WASH WATER CHANGES UP TO 50%</p> <p>Automatic Soil Removal (ASR) removes up to 80% of food soil before it reaches the pre-wash tank.</p>	 <p>SAVE UP TO \$1,405 ON OPERATING COSTS</p> <p>Ventless Energy Recovery™ results in lower energy use and eliminates the need for a vent hood.</p>

OPTIONS AND ACCESSORIES

- ASR (Auto Soil Removal Tank)
- EGR (Energy Recovery)
- Ventless Exhaust
- 6" higher than standard chamber
- Multiple conveyor choices
- Circuit breakers and single point connection
- Security and Casino packages
- Flanged feet
- Insulated split, vertical slide-up doors
- Water hammer arrestor/PRV
- Drain water tempering kit

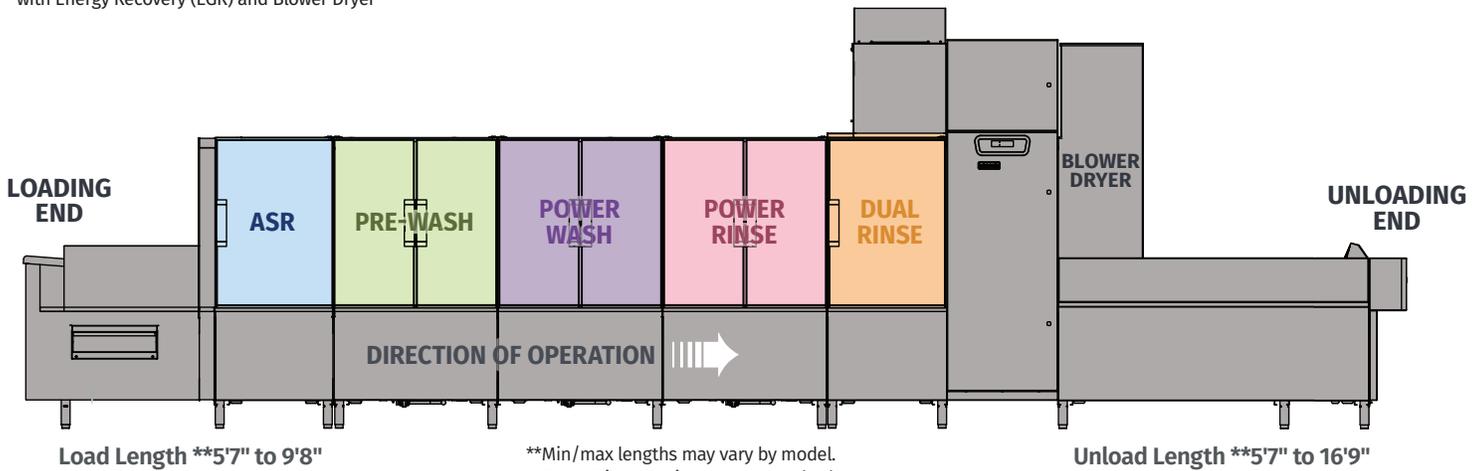

Free Startup from Hobart Service included with all FT1000e models.

* Projected annual savings from comparison of FT1000e vs. previous FT1000 model type running 10 hours a day, 365 days with electric heat.

FT1000e WASHER STANDARD CONFIGURATION

Configuration shown includes Pre-Wash, Power Wash, Power Rinse and ASR, with Energy Recovery (EGR) and Blower Dryer

CONVEYOR OPTIONS

Flat Belt

Designed for Prep Ware / Racks

Tivoli

Designed for Correctional Applications

Type A

Designed for Plates & Trays / Prep Ware / Racks

Additional conveyor options available. Contact your account representative for more information.
